CONSULTING

Our consulting services are designed to guide our clients through the entire process of promoting and marketing their releases. It includes referrals to other appropriate companies that can become a part of the campaign on the Press, Lifestyle Marketing and Merchandising levels.

Whether you're debuting a new band or you're an established act releasing a new effort, our concerted activities will start an early buzz. The Music Industry is in a continuous state of evolution. Every step of promotion and marketing is extremely important and warrants consideration. The DJ Central Promotion team offers comprehensive promotion strategies that lends years of experience, commitment, persistence and passion you can rely on. We invite you to call on us for a consultation to see how we may fulfil your individual needs.

RADIO AND MEDIA MAIL OUTS

We service commercial stations to specific / Specialised DJs depending on the genre and style of music. This means we don't service 'Classical FM' if you're a heavy metal band or hip-hop crew. Making your money go further and hitting your target market is our business. Campaigns start from \$3,000 including your BIO, One Sheet, general copywriting & full reporting.

Help! We're on a roll & need some more noise making!

If you require a one-on-one solution we can hook you up with a gun publicist who will provide you with professional coverage. This is not always a cheap solution but can be invaluable if you are starting to take off.

This can mean the difference between gathering momentum or not...
Not sure what you need?

It's OK! This can all be very confusing when you start out.

Talk to us and we can suggest a game plan for you and a package of some of the above to suit your needs. We can also do a stage-by-stage run of the above, helping you budget & create revenue streams with merchandise so you make money to invest in your project.

Can I get DJ Central to come up with some marketing plans and ideas to sell more of my music?

Yes you can! We charge a fee for this service and work on an hourly rate. Our base marketing charge for creating marketing plans is \$100 USD an hour. If you would like a full list of our services then please email back and we will forward details on how we work and our charge rates.

We involve you in these processes usually starting with a creative session to understand what exactly you want to achieve and discuss realistic expectations and goals.

SOME OF OUR LABEL PARTNERS INCLUDE

- EMI Music
- Music Head
- The Groove Merchants
- Sony BMG
- Universal
- Supermusic

DIGITAL COMP CARDS

Digital compcards - comp card (also called composite card, z card, zed card or sed card) are an old school media format and refer back to the 70s when artists would hand out a complimentary card with their details for contact. We've taken this format into the millenium, hence the name 'digital compcards' for media marketing.

Examples of promotional pieces we create for our artists. A way to introduce and distribute important information about the artist.
