

PRESS RELEASE - EFFECTIVE IMMEDIATELY – 9 September 2014

Toxic Avenger to infect new fans with latest tour!

French Producer, songwriter and DJ, Simon Delacroix aka The Toxic Avenger has delighted fans with the news that he will be touring in 2014!

Toxic Avenger first made a name of himself with the success of his first release "Super Heroes" that resulted in a contract with Iheartcomix record label. He is known for his album *Angst* released on Roy Music label on 16 May 2011. Simon has released numerous EPs, and has had various collaborations with a number of artists including Canadian act Chromeo, Robert Bruce of the UK act South Central in "Never Stop" featuring Bruce and music video directed by Antoine Wagner.

Fans who are expecting Simon to perform under his iconic masked guise as Toxic Avenger will be disappointed as the DJ removed his guise after the release of his 2009 EP "Toxic Is Dead". This gesture and EP served to symbolize the death of the personality he took in the group Ed Wood Is Dead.

Simon Delacroix is a mass of contradictions, providing fertile ground for excess. The man more widely known as the Toxic Avenger describes himself as something of a paradox. He is an introvert capable of extremes, an electro producer who only listens to pop, an independent thinker with an addictive personality.

Delacroix's pseudonym The Toxic Avenger is a tribute to the cult horror film "The Toxic Avenger" and in many ways this is how he views himself as a musician. His goals for himself as a musician are ambitious and fundamentally noble ones stating that his goal is to "make music that appeals as much to ordinary people as it does to those with more hip credentials." Toxic Avenger's music seeks to combine all the influences that are most important to him, despite their seeming inconsistencies with one another.

Fans in want of a new and invigorating take on the possibilities of music production should keep an eye out for the Toxic Avenger. For more information on Toxic Avengers upcoming tour, news announcements and new releases follow the links!
